Introduction

'Advertising and marketing communications' is the art and business of developing and communicating messages that provide consumers with information about products, services, and ideas. Marketing communications are exciting, creative, demanding, rewarding, and challenging. This course is designed to provide training in the theoretical and practical aspects of modern marketing communications. Participants will review the many marketing tools available, digital or conventional, and learn about the whole advertising and communication function using a variety of media techniques geared for campaign success.

Course Objectives of The Complete Program of Marketing, Communications and Media Planning

- Describe the field of marketing communication and explain the characteristics of successful campaigns offline and online
- Optimize visibility of brand or company image by exercising well-rounded knowledge of event concepts and strategies
- Define the principles of Integrated Marketing Communication IMC and describe how companies apply these principles to ensure messages are heard by both consumers and businesses
- Apply the insights and skills needed to manage special marketing communications issues and create successful solutions
- Recognize and implement social media vehicles and tactics to maximize the marketing campaign return on investment
