Supply Chain and Inventory Management*

*12 - 16 May 2024  
Cairo (Egypt)  
InterContinental Citystars Cairo*

## Training Course: Supply Chain and Inventory Management

Training Course code: PU4066 From: 12 - 16 May 2024 Venue: Cairo (Egypt) - InterContinental Citystars Cairo Training Course Fees: 3250 € Euro

### INTRODUCTION

In today's competitive environment, the best supply chain will win. The chain that offers the highest value to its customers will have the competitive advantage. This requires a broader outlook than just the borders of the company. Indeed, it requires full visibility of all the players in the supply chain. In this programme you will study:

- The various processes in the Supply Chain
- The structure of a Supply Chain
- What makes a Supply Chain successful?
- The role of inventory in the Supply Chain

### PROGRAMME OBJECTIVES

- To define and understand the concept of a Supply Chain
- The role of inventory in the Supply Chain
- Critically determine the amount of spare parts required
- Determining the optimal inventory solution for spare parts
- Implement creative ways of reducing working capital

### TRAINING METHODOLOGY

Participants will learn by active participation throughout the programme through the use of programme materials, exercises, questionnaires, training videos and discussion of "real life" issues in their organisations.

### PROGRAMME SUMMARY

This programme covers essential skills that are necessary to plan, execute and control the Supply Chain. The programme begins with the concept of a Supply Chain and will discuss all the aspects relating to Supply Chain Management.

### PROGRAMME OUTLINE

#### DAY 1 - The Concept of the Supply Chain

- Historic overview of ancient supply chains
- The concept of a Supply Chain
- The five basic processes in a Supply Chain
- Concept of the Value Chain
