Training Course code: SC235241 From: 29 December 2024 - 9 January 2025 Venue: Sharm El-Sheikh (Egypt) - Sheraton Sharm Hotel Training Course Fees: 6160 € Euro

Introduction:

The Certified Information Systems Auditor CISA Training Program offered by Global Horizon Training Center is designed to equip individuals with the knowledge and skills required to excel in the field of information systems auditing. This comprehensive program is structured to prepare participants for the CISA certification examination. As a leading provider of professional training, Global Horizon Training Center is committed to delivering high-quality educational experiences to ensure your success in the world of information systems auditing.

Objectives:

The primary objectives of this training program are to:

- Provide a deep understanding of information systems auditing principles and best practices.
- Prepare participants for the Certified Information Systems Auditor CISA certification exam.
- Enhance the ability to assess and manage information technology and business systems.
- Foster critical thinking and problem-solving skills in the context of IT audit.
- Develop a strong foundation in information security, control, and governance.

Methodology:

Our training methodology combines a variety of teaching approaches, including:

- Interactive lectures by experienced instructors.
- Hands-on practical exercises and case studies.
- Group discussions and peer-to-peer learning.
- Mock exams and practice quizzes.
- Access to online resources and study materials.

Target Audience:

This training program is intended for professionals seeking to gain expertise in information systems auditing and pursue the CISA certification. It is ideal for:

- IT auditors and professionals responsible for information systems audit.
- Information security managers and professionals.
- IT managers, consultants, and compliance officers.
- Risk management professionals.
