Training Course: Mini-MBA: Leadership Oil & Gas and Energy Management

Training Course code: EN235141 From: 12 - 16 May 2024 Venue: Amman (Jordan) - Chemisty Training Course Fees: 4200 € Euro

Introduction

In today's rapidly evolving global landscape, the energy sector stands at the forefront of transformative change. Leaders in the oil & gas and energy industry face the unique challenge of navigating complex markets, sustainability demands, and technological innovations. To succeed in this dynamic environment, it is crucial to possess both industry-specific knowledge and exceptional leadership skills.

Our 5-day Mini-MBA program in Leadership Oil & Gas and Energy Management is designed to equip professionals like you with the tools and insights needed to excel in this ever-changing field. Whether you are a seasoned energy industry veteran or an emerging leader, this program will provide you with a comprehensive understanding of the sector, coupled with advanced leadership capabilities, to drive success in your career and organization.

Objectives

The primary objectives of this program are:

- **Industry Expertise:** Gain a deep understanding of the oil & gas and energy industry, including its current landscape, market dynamics, and future trends.
- **Leadership Development:** Enhance your leadership skills by exploring various leadership theories and styles, ethics, communication, and problem-solving strategies.
- **Sustainability and Innovation:** Learn about sustainability practices in the energy sector and stay up-to-date with the latest innovations and technologies shaping the industry.
- **Strategic Thinking:** Develop the ability to create and implement effective energy strategies, manage risks, and plan for the future.
- **Management and Efficiency:** Acquire knowledge in energy management, including efficiency, conservation, and cost reduction strategies.
- **Challenges and Solutions:** Identify and address leadership challenges unique to the energy sector, such as geopolitical factors and diversity and inclusion issues.

Target Audience

This program is ideal for professionals at various stages of their careers who are looking to enhance their leadership skills and gain a deeper understanding of the oil & gas and energy industry. The target audience includes:

- Mid-level managers and executives in the energy sector seeking to advance their leadership capabilities.
- Emerging leaders aspiring to take on leadership roles within energy companies.
- Professionals from other industries looking to transition into the energy sector and build a strong foundation of knowledge and leadership skills.
- Government officials and policymakers involved in energy-related decision-making.

- Entrepreneurs and investors interested in opportunities in the energy industry.
