Training Course: Certified Compliance Officer

Training Course code: MA234918 From: 27 - 31 May 2024 Venue: Rome (Italy) - Training Course Fees: 5250 € Euro

Introduction

Compliance Certification is a management program designed to teach a practical understanding of regulatory compliance needs. The program covers eight major subject areas and utilizes a variety of training techniques. The key areas of the curriculum include understanding the regulatory environment, who is responsible for the compliance, the role of corporate governance and ethics in compliance programs, and the implementation of compliance programs. The emphasis will be on practical and pragmatic approaches, rather than theoretical ones.

Training Course Objectives

At the end of this training program, participants will be able to;

- Determine the meaning of compliance with your organization and how it is able to develop an organizational response to its demands.
- Compliance inside and outside
- Know what drives your compliance exposure both at home and abroad
- Understanding the consequences of non-compliance risks
- Appreciate the relationship between corporate governance and compliance, including the market expectation of that relationship
- Assess the relationship between corporate governance and compliance, including market expectations for that relationship
- Understand how to produce a corporate compliance program designed for your organization
- Learn how to improve the regulatory structure of compliance

Personal Benefits

You will learn to appreciate the extent to which organizations and their public officers are exposed to the ever-increasing regulatory environment, how to identify the compliance issues that have the most significance for you, and how to introduce a compliance management program within your organization.
