Rome (Italy)*

Training Course: The Real Estate Development Cycle

Training Course code: MA234855 From: 19 - 23 August 2024 Venue: Rome (Italy) - Training Course Fees: 5250 € Euro

Introduction

Learn the fundamental phases of the real estate development cycle and process. Property and project types covered include commercial office, multifamily, mixed-use, redevelopment, and urban infill. Study land assemblage, land use review, environmental procedures, design considerations, and delivery methods. Also, discuss market feasibility, the project pro forma, capital and financing structures, professional and government agencies, contracts with partners and external parties, the project life cycle, marketing, leasing, and property management.

Real estate makes up around 50% of the world's assets and it is crucial to the success of global economies and societies.

In the turbulent global financial markets, an understanding of real estate is vital for senior executives, investors, and policymakers worldwide.

The Real Estate Development Cycle Objectives

During the program you will:

- Review the latest developments, opportunities, and risks in real estate investments
- Gain an understanding of real estate users and capital markets
- Analyze technology, urbanization, demographics, globalization, and macroeconomic trends
- Design a business case for a real estate investment and present it to potential industry funders

Personal Benefits from attending The Real Estate Development Cycle

- An opportunity to re-evaluate your strategy for the next five years
- Understand the real estate development cycle

Organizational Benefits from attending The Real Estate Development Cycle

- Reinvigorated leaders with a clearer business vision
- Insights into emerging market challenges from experts
