Residence Inn by Marriott Sheikh Zayed Road, Dubai

Training Course: Financial Management for Non-Financial Professionals

Training Course code: FI2024 From: 30 June - 4 July 2024 Venue: Dubai (UAE) - Residence Inn by Marriott Sheikh Zayed Road, Dubai Training Course Fees: 4500 € Euro

Introduction

Business professionals need to understand the financial factors critical to business success. This interactive seminar will show how finance works in today's fast-moving business environment. For any business, the key elements of profitability, liquidity, and financial structure are critical to continuing success and competitiveness. So these three elements are comprehensively explored and developed at all levels of business activity. You will learn about the accounting processes of recording and reporting business transactions and how these are summarised as periodic financial reports, in accordance with statutory requirements. You will also learn financial reports are analyzed and by a variety of user groups

The seminar also has an inward focus and will explain why management accounting is essential to business survival, and success. It will show how budgeting can control costs and improve profitability. It will also explain and develop tools and techniques for evaluating proposed new investment projects. The seminar will enable you to understand the business from both a financial and strategic perspective and how business decisions will impact on corporate profitability.

Highlights of the seminar:

- The strategic and operational role of the Finance Function
- The principles of accounting and financial reporting
- How to understand and analyze financial reports
- How management accounting helps to maintain control and improve efficiency
- How we can ensure that investment returns meet the stockholder's expectations

Objectives

Having completed this seminar you should be able to:

- Explain the nature and role of financial statements and their interpretation
- Use the language of accounting and finance to communicate effectively with financial professionals
- Review the financial performance and financial position of an organization using the appropriate financial ratio and break-even analysis techniques
- Use budgetary control to compare actual against planned performance and to identify corrective actions
- Evaluate investment projects using DCF and other appraisal methods

- Appreciate the important role of strategic accounting in business performance improvement

Methodology

This interactive seminar will comprise a range of learning activities, including tutor presentations, with a question and answer opportunities, demonstration and practice of analytical techniques, group exercises, and discussions, using case studies and current company and market information sources. Whilst the theoretical background to financial management will be explained and justified, the main emphasis will be on putting these into a real-world context by providing a practical "toolkit" of financial techniques.

Organizational Impact

What will your organization gain from sending employees to attend this seminar?

- Greater awareness of the role of accounting and finance
- Ability to understand the structure of accounting systems, and financial reports
- Ability to make more effective and better-informed contributions to financial discussions
- Ability to use tools and techniques for financial control and financial management
- A greater understanding of the key drivers which ensure sustainable growth and competitiveness
- Awareness of how business risks can be identified, analyzed, and managed

Personal Impact

Participants will be able to further develop their personal management skills by being:

- More knowledgeable about accounting and finance systems, and the meaning of financial reports
- Better informed financially, to enable improved management decision-making.
- Better able to contribute to financial discussion, and communicate in financial language
- Better able to contribute to the effective financial management of their organization.
- Able to evaluate alternative courses of action and identify the most effective choices with regard to the future improvement of their organization.
- Able to liaise more effectively with other departments on financial matters.
