## Training Course: Safety officer -HSE Management

Training Course code: HE21326 From: 26 - 30 May 2024 Venue: Istanbul (Turkey) - DoubleTree by Hilton Istanbul Esentepe Training Course Fees: 5775 ₺ Euro

### Introduction

This course prepares any individual wanting to pursue or shift to another career in EHS in the field of manufacturing, construction, oil & gas, petrochemicals, logistics, airline industry etc.

The course gives a general overview of what do Safety Officers do in their chosen field of work. Also, this course is a very good backbone for those wanting to take Safety Professional Certifications like OSHA, IOSH, and NEBOSH.

### Course Objective of Safety officer

This program is designed for those who want to have a working background and develop soft and technical skills as a Safety Officer or Safety Inspector.

Skilled Laborers/ Engineers who want certifications/ Nurses/ graduates of non-engineering courses/ or anyone searching for better career opportunities or professional development.

- To understand the roles and responsibilities of the employee-employer that each must perform to achieve safe, quality and efficient operation.
- To coordinate activities of contractors, sub-contractors, visitors and clients working in any given organization.
- To be able to identify hazards and mitigate or suggest solutions for risk management to lessen if not to totally eliminate or prevent incidents and accidents.
