

*Training Course:
Certified International Supply Chain Professional
(CISCP)*

28 July - 1 August 2024

Cairo (Egypt)

Holiday Inn & Suites Cairo Maadi, an IHG Hotel

Training Course: Certified International Supply Chain Professional (CISCP)

Training Course code: PU1989 From: 28 July - 1 August 2024 Venue: Cairo (Egypt) - Holiday Inn & Suites Cairo Maadi, an IHG Hotel Training Course Fees: 3250 € Euro

Introduction:

The Certified International Supply Chain Professional CISCP training program is designed by Global Horizon Training Center to provide comprehensive knowledge and skills in the field of supply chain management. This program is aimed at professionals who want to enhance their expertise and earn a recognized certification in international supply chain management. With a focus on industry best practices and global standards, this training program equips participants with the necessary tools to excel in today's complex and competitive supply chain environment.

Objectives:

- Understand the key concepts and principles of international supply chain management.
- Gain knowledge of the various components and functions within the supply chain.
- Learn best practices for strategic sourcing and procurement.
- Develop skills to optimize inventory management and demand forecasting.
- Master the principles of logistics and transportation management.
- Acquire techniques for effective supply chain risk management.
- Learn how to apply data analytics and technology in supply chain decision-making.
- Enhance problem-solving and decision-making skills in supply chain contexts.
- Prepare for the CISCP certification exam and earn a globally recognized credential.

Methodology:

The CISCP training program employs a blended learning approach, combining theoretical knowledge with practical case studies, group discussions, and hands-on exercises. The program utilizes a variety of instructional methods, including:

- Instructor-led training sessions: Experienced industry professionals deliver engaging lectures and facilitate interactive discussions.

- Case studies and simulations: Participants analyze real-world scenarios and apply their knowledge to solve supply chain challenges.
- Group activities and discussions: Collaborative exercises foster knowledge sharing and promote peer learning.
- Practical exercises: Hands-on activities enable participants to apply concepts and tools in a simulated supply chain environment.
- Study materials and resources: Participants receive comprehensive course materials, including textbooks, reference guides, and online resources.

Target Audience:

The Certified International Supply Chain Professional training program is suitable for professionals working in various roles within the supply chain field, including:

- Supply chain managers and directors
- Logistics and transportation professionals
- Procurement and sourcing professionals
- Inventory and demand planners
- Operations managers
- Supply chain analysts
- Consultants and advisors in supply chain management
- Professionals seeking career advancement or transitioning into supply chain roles
