## Training Course: Supervising for safety certification

Training Course code: HE235217 From: 11 - 15 August 2024 Venue: Amman (Jordan) - Chemisty Training Course Fees: 3575 € Euro

### Introduction:

Welcome to the Supervising for Safety Certification program offered by Global Horizon Training Center. This program is designed to equip individuals with the knowledge and skills necessary to effectively supervise and manage safety in various workplace environments. Safety is a critical aspect of any organization, and supervisors play a pivotal role in ensuring the well-being of employees and compliance with safety regulations.

### Objectives:

The primary objectives of this training program are to:

- Provide participants with a comprehensive understanding of safety regulations and best practices.
- Equip supervisors with the skills to identify and mitigate safety hazards.
- Foster a safety-first culture within the organization.
- Prepare participants for a Supervising for Safety Certification.

### Methodology:

Our training approach includes a combination of interactive lectures, practical exercises, case studies, group discussions, and assessments. Participants will have access to course materials, resources, and expert trainers who have extensive experience in safety management.

### Target Audience:

This program is designed for:

- Current and aspiring supervisors
- Safety officers and coordinators
- Team leads and managers responsible for safety oversight
- Anyone seeking to enhance their knowledge and skills in safety supervision
