

*Training Course:
Vehicles Technical Check-Up/Inspection*

1 - 5 December 2024

Cairo (Egypt)

Holiday Inn & Suites Cairo Maadi, an IHG Hotel

Training Course: Vehicles Technical Check-Up/Inspection

Training Course code: EN234906 From: 1 - 5 December 2024 Venue: Cairo (Egypt) - Holiday Inn & Suites Cairo Maadi, an IHG Hotel Training Course Fees: 3900 € Euro

Introduction

Vehicles Technical Check-Up/Inspection training course aims to train application-oriented and composite engineering and technical personnel who have the preliminary ability to engage in vehicle work in testing, maintenance, management, and service and higher technology applied talents who work for vehicle-related industries in vehicles production, construction, management, and service.

Global Horizon Training Center's Vehicles Technical Check-Up/Inspection Training Course provides the appropriate training to be able to accurately identify defects, make qualitative and quantitative wear and tear assessments and evaluate the condition of vehicles.

This training course can also provide Vehicle Inspector Monitoring to ensure they are finding, recording, and reporting any defects correctly.

The Vehicles Technical Check-Up/Inspection course is designed for:

- Road transport HGV.
- Passenger transport PSV industries.

Target Audience

This course is intended for:

- Engineers.
- Vehicle inspector
- Safety personnel
- All staff who are responsible for the maintenance and inspection of the company's vehicles.

Organizational Benefits

- Provides appropriate skills to staff who are new or experienced in inspecting vehicles.
- Improves the maintenance of company/organization vehicles which reduces vehicle downtime.
- Ensures the company's vehicles are better prepared for PMI and annual tests.
- Compliance with the Inspection Manual.
- Monitoring of vehicle inspectors provides peace of mind that they are making the correct decisions when it comes to maintenance issues and the roadworthiness of your vehicles.

Training Objectives

At the end of this training program, participants will be able to:

- Comprehend all aspects of check-ups and inspections of vehicles.
- Understand the lighting system of the vehicles and the major failures of that system.

- Learn about the passenger and driver compartment inspection.
- Understand the tires and wheels check-up.
- Fully comprehend the brakes system of their vehicles, and the inspection procedure.
- Learn about the physical and visual inspection of the suspension and steering systems.
- Understand the heavy vehicles' body inspections.
- Learn the concepts of road tests and vehicle control.
- Know the required equipment for inspection.
- Understand the inspection procedures and standards

Training outlines

ACCESS, VEHICLE IDENTIFICATION, OVERVIEW, REFERENCE MATERIALS

- Licensed Technician Access to BAR-Safety Inspection System
- Vehicle Identification
- Inspection Overview
- Reference Materials

LIGHTING

- Lighting System Inspection Overview
- Additional Lighting Systems and System Requirements
- Light Mounting Inspection
- Headlight Aim Inspection
- Bulb Failure Warning Light Inspection

PASSENGER and Driver COMPARTMENT

- Passenger and Driver Compartment Inspection Overview
- Mirror Inspection
- Windshield and Rear Window Inspection
- Windshield Wipers Inspection
- Seat Inspection
- Seatbelt Inspection
- Air Bag Inspection
- SRS Warning Light Inspection

TIRES AND WHEELS

- Tire and Wheel Inspection Overview
- Tire Inspection
- Wheel Inspection
- Tire Pressure Monitoring System Inspection
- Temporary Spare Tire

BRAKES

- Brake System Inspection Overview
- Brake Pedal Inspection
- Power Braking Assistance Systems Inspection
- Friction System Inspection
- Hydraulic System Inspection

- Electric Trailer Brake System Inspection
- Air System Inspection
- Parking Emergency Brake Inspection
- Brake System Warning Lights and/or Warning Messages Inspection

STEERING AND SUSPENSION

- Steering and Suspension Systems Inspection
- Physical Inspection
- Visual Inspection
- Steering and Suspension Warning Lights Inspection

BODY STRUCTURE

- Body Structure Inspection Overview
- Passenger Vehicles Inspection
- Heavy Vehicles Inspection

ROAD TEST

- Road Test Inspection Overview
- Horn Inspection
- Dashboard Warning Lights Inspection
- Stopping Test
- Vehicle Control

REQUIRED EQUIPMENT

- Required Equipment for Vehicle Inspections
- BAR-SIS Equipment
- Lighting Inspection Tools, Equipment, and Reference Materials
- Tire and Wheel Inspection Tools
- Brake Inspection Tools, Equipment, and Reference Materials
- Required Equipment Electronic Transmission
- Required Equipment Location

INSPECTION PROCEDURES AND STANDARDS

- Fleet Characterization
- Test Procedures
- Emission Standards
- Frequency of Inspection

COMPLIANCE PROMOTION AND ENFORCEMENT

- Enforcement
- Compliance Promotion
