## Training Course: Contract Management and Tendering

Training Course code: PC4067 From: 25 - 29 November 2024 Venue: London (UK) - Landmark Office Space  
- Oxford Street Training Course Fees: 5250 € Euro

### Introduction

High quality Contract and Tender Management are essential activities in achieving improved levels of performance for all organizations. Providing the high value added activities available from contract and procurement operations requires the continuous involvement of knowledgeable professionals and management who understand and implement the best practices in Contract Management and Tendering for the acquisition of goods, equipment, and services. Included in the many topics covered in this training session to move contracts from the tactical to a more important strategic focus are:

- Contract Management And Tendering Is A Profession, Not Just A Job
- Elements Of A Good Procurement & Competitive Bidding Process
- Developing Tender Evaluation Criteria
- Selecting The Right Contract Type
- Contract Preparation
- Contract Management

### Objectives:

- Discuss Elements Of Good Procurement Process
- Learn Methods Of Tender Evaluation
- Review Contract Strategies
- Explore Steps In Developing Performance Based Service Contracts
- See Examples Of Important Commercial Contract Clauses
- Be Presented The Essential Elements Of A Contract
- Be Given Examples And Sources Of Contract Checklist

## Methodology:

Participants will increase competencies through a variety of instructional methods including lecture by an experienced practitioner and consultant, exercises, and group discussions covering current practices and their relationship to the implementation of new concepts.

## Program Summary

Those involved in tendering, bid, and supplier evaluation and the preparation of contracts understand well the significant challenges in this ever changing business environment. This program is designed to increase the competencies of all those contributing to the acquisition process for equipment, materials, and services so that the significant cost, quality, and delivery improvements available from the market place can be obtained.
