Training Course: Facility Management Specialists

Training Course code: MA235075 From: 29 July - 2 August 2024 Venue: London (UK) - Landmark Office Space
- Oxford Street Training Course Fees: 5250 € Euro

Introduction

This training course is designed to provide participants with the knowledge, skills, and tools they need to excel in the field of facility management. The course will cover the fundamentals of facility management, as well as modern practices and technologies that are essential for success in today's fast-paced and ever-changing workplace.

Competencies

- Comprehensive understanding of facility management principles, practices, and tools
- Ability to manage and oversee facility operations, maintenance, and repairs
- Strong communication and interpersonal skills to interact with colleagues, contractors, and vendors
- Knowledge of regulations, codes, and compliance standards related to facility management
- Proficiency in financial management, including budgeting, forecasting, and cost analysis
- Ability to manage and motivate staff, and to provide leadership and guidance to team members
- Familiarity with modern facility management technologies and software tools

Methodologies

The training course will use a variety of methodologies to ensure that participants receive a comprehensive and engaging learning experience. These may include:

- Interactive lectures and presentations
- Group discussions and case studies
- Hands-on exercises and simulations
- Site visits and facility tours
- Online learning modules and resources

Target Audience

This training course is ideal for individuals who are new to facility management or who wish to refresh and update their skills and knowledge in this field. It is also suitable for managers, supervisors, and executives who oversee facility management operations or who work closely with facility managers. This course is appropriate for individuals working in a wide range of industries, including commercial real estate, healthcare, education, government, and more.
