Training Course: Organizational Performance Management and Improvement

Training Course code: MA234743 From: 29 April - 3 May 2024 Venue: Liverpool (UK) - Training Course Fees: 5250 € Euro

Introduction

Organizational analysis is the process of appraising the growth, personnel, operations, and work environment of an entity. Undertaking an organizational analysis is beneficial, as it enables management to identify areas of weakness and then find approaches for eliminating the problems.

Important aspects of organizational analysis include the assessment of external elements that can influence the performance of an organization. An organizational analysis also includes strategically evaluating and reviewing an organization's potential and resource base by increasing the performance management of the organization.

The following are Key Learning Outcomes:

- Design and introduce an analysis and review for Public Sector Organizations
- Implement Proven best practice approaches for aligning programs and management initiatives to an integrated performance management system for your government organization
- Design proven strategies for gaining leadership buy-in for performance improvement initiatives via building a high-performance team
- Leading with a resolve that focuses and aligns the critical balance between Accountability, Responsibility and Empowerment

Course Objectives

By the end of this training course, participants will be able to:

- Overcome resistance to performance measurement transparency and reporting requirements
- Integrate performance management initiatives into other ongoing management improvement efforts
- Lead cultural change within the public sector to achieve improved results
- Utilize performance measures with proven techniques of evidence-based analysis, performance measurements, reporting and benchmarking
- Devise and lead performance improvement teams - working across program silos to obtain effective results across the organization
- Make direct connections between Performance Management and Organizational Goals
- Demonstrate Best Practices in Addressing and resolving Work-Performance related Problems

Training Methodology

The training methodology used is designed to encourage maximum participation by all participants. The presenter will present best practices and benchmarks, and design interactive activities via discussion, small group work, exercises and feedback to display proficient knowledge and skills. Overall evaluation of this training will end by delegates completing an assessment of what has been learned and considering how the concepts will be transferred back to the workplace.

Organizational Impact

- Organizational Improvement and productivity increase
- Increase in individual and team productivity as performance expectations are documented and followed through
- Management behaviors are aligned to high performance measurements
- Overall Engagement and Motivation will increase
- Performance Behavior will be aligned with an organization's core goals and values
- Improve organizational efficiency and effectiveness

Personal Impact

- Obtain the skills and a pathway to taking a leadership role on performance improvement initiatives in the public sector
- Enables participants to implement effective performance management
- Improved confidence and self-assurance in dealing with performance issues
- Ensures that the performance appraisal is a positive and motivating enabler
- Enables participants to apply best practices in performance improvement planning
- Enable participants to positively influence high performance
