Training Course: Product Development

Training Course code: MA1923 From: 2 - 6 December 2024 Venue: Casablanca (Morocco) - New Hotel Training Course
Fees: 4250 € Euro

Introduction:

Welcome to the Product Development Training Program, offered by Global Horizon Training Center. In this program, we will guide you through the essential aspects of product development, including ideation, prototyping, testing, and launch. Our goal is to equip you with the skills and knowledge necessary to develop successful products that meet market demands and exceed customer expectations. This program is designed to cater to professionals from various backgrounds, including product managers, designers, engineers, and entrepreneurs. Whether you're starting your product development journey or seeking to enhance your existing skills, this program is the perfect platform for you to achieve your goals.

Objectives:

The primary objective of this training program is to equip the participants with the essential knowledge and skills required to develop successful products. By the end of this program, the participants will be able to:

- Understand the principles of product development and their importance in the business world
- Identify and analyze the market trends and consumer needs
- Develop product concepts and ideas
- Prototype and test their product ideas
- Launch and market their products successfully

Target Audience:

This training program is designed for professionals from various backgrounds who are involved in product development or want to enhance their knowledge in this field. The program is suitable for product managers, product designers, engineers, entrepreneurs, and anyone who is interested in product development.
