Training Course: Identifying and Analyzing Stakeholders

Training Course code: PS235029 From: 2 - 6 December 2024 Venue: London (UK) - Landmark Office Space
- Oxford Street Training Course Fees: 5500 € Euro

Introduction:

Identifying and analyzing stakeholders is a critical skill for any manager, as it helps to ensure that all key individuals and groups who are affected by a project, program, or organization are identified, understood, and appropriately engaged. By understanding the interests and needs of stakeholders, managers can develop more effective strategies and make better decisions that result in successful outcomes.

Objectives:

The training program "Identifying and Analyzing Stakeholders" is designed to help managers develop their skills in identifying, analyzing, and engaging stakeholders. The program's main objectives are:

- Understanding the importance of stakeholder identification and analysis
- Developing skills for identifying and analyzing stakeholders
- Building strategies for engaging stakeholders effectively
- Learning to manage stakeholders' interests and needs in decision-making processes
- Enhancing communication skills to facilitate stakeholder engagement

Target audience:

The training program is designed for mid to senior-level managers, project managers, and program managers who are responsible for engaging with stakeholders in their organizations.
