Program Overview

In this program you will learn about...

We are living in a knowledge driven economy.

The real value of an organization's worth lies in the competitive advantage it has. Patents, Copyrights, trademarks, trade secrets and technical knowhow constitute an important source of competitive advantage. These need to be secured, protected and safeguarded. WTO and TRIPS agreement imposes important responsibilities, liabilities and opportunities in the way we Purchase, Procure, Develop, Research, License and Implement Improvements. This program covers all these issues and directs your attention to the Systems you need to establish to protect your interests.

Tough Worldwide Patent Recognition and Enforcement is around the corner. Organizations and individuals are rushing to protect themselves from Patent Infringement Claims and to get their innovations patented in the hope of future earnings and protection of their interests.

Your organization's Liabilities about patents in set to increase dramatically in the coming years. Potential Claims may run into millions of dollars unless a strategy is worked out today to minimize exposure to Intellectual Property Claims.

You will get a thorough understanding of IP Laws, IP Regulations, IP Procedures, WTO, TRIPS, Contract Provisions, Contract Administration, Protection against Claims and Negotiating Claim Settlements.

You will get a step by step due diligent methodology to Prepare your Intellectual Property Filing and understanding on how it will be examined and challenged.
