## Training Course: Implementing and Auditing Developing Consultant Level Capability

Training Course code: MA9141 From: 22 - 26 July 2024 Venue: Zanzibar(Tanzania) - Golden Tulip Zanzibar Resort  
Training Course Fees: 5950 € Euro

### Introduction

Regulatory and public pressure is mounting for companies to improve their impact on the environment. This training course helps your personnel develop the skills and knowledge to achieve your environmental objectives.

No matter your industry, a systematic approach to environmental management is vital to protect your reputation in today's business world. Implementing an Environmental Management System EMS such as ISO 14001 enables you to effectively respond to growing regulatory and public scrutiny, improve energy and waste management efficiency, and cut operating expenses.

### Course Objectives of Implementing and Auditing Developing Consultant Level Capability

At the end of this course, the participants will be able to:

- Implement, maintain and improve an environmental management system;
- Assure itself of its conformance with its stated environmental policy;
- Demonstrate such conformance to others;
- Seek certification/registration of its environmental management system by an external organization;
- Make a self-determination and self-declaration of conformance with this International Standard.
- Including those planning analysis and auditing of:
  - The environmental policy of the organization
  - The nature of its activities and the conditions in which it operates
