Training Course: Facilities Operation Manager

Training Course code: SC1993 From: 24 - 28 June 2024 Venue: London (UK) - Landmark Office Space - Oxford Street
Training Course Fees: 5775 £ Euro

Introduction:

The Facilities Operation Manager Training Program is designed to equip participants with the necessary knowledge and skills to effectively manage and oversee the operations of a facility. This comprehensive program will cover essential topics related to facility management, including maintenance, safety, budgeting, and team management. Participants will gain valuable insights into industry best practices and develop the competencies required to excel in their roles as facilities operation managers.

Objectives:

- Understand the role and responsibilities of a facilities operation manager.
- Learn key principles and strategies for efficient facility operations.
- Develop skills in facility maintenance, safety protocols, and risk management.
- Gain proficiency in budgeting and financial management for facilities.
- Enhance leadership and team management abilities in a facility setting.

Target Audience:

This training program is designed for professionals who are currently working or aspiring to work as facilities operation managers. It is suitable for individuals from various industries, including but not limited to commercial buildings, manufacturing plants, educational institutions, healthcare facilities, and hospitality establishments. Participants may include facility managers, operations supervisors, maintenance technicians, and individuals transitioning into a facility management role.
