Training Course: Project Management preparation

Training Course code: PC4102 From: 17 - 21 June 2024 Venue: London (UK) - Landmark Office Space - Oxford Street
Training Course Fees: 5250 € Euro

Introduction

Much of the work that you do can be organized as a project. The ability to successfully define and subsequently manage a project is quickly leaving the realm of the extraordinary and is becoming a core competency for many organizations. Managing a project is not easy and project management skills do not come naturally to many people. Fortunately, the skills associated with defining and managing a project can be learned. Understanding and practicing the concepts taught in this class increases the likelihood of success on the project.

Prerequisites

- None, this class provides a basic overview of all aspects of project management

Course Objectives of Project Management preparation

At the end of this class, participants will be able to:

- Understand the value of project management processes
- Define the various aspects of a project
- Build and maintain an appropriate project schedule and budget
- Identify and manage issues, scope and communication
- Identify and manage project risks
- Identify and manage to the appropriate level of quality
- Manage outside vendors and the procurement process

Who Should Attend

- Project managers and team members that manage and work on projects
