## Training Course: Leadership and Achieving Vision 2030

Training Course code: SC235201 From: 20 - 24 May 2024 Venue: Casablanca (Morocco) - New Hotel Training Course  
Fees: 4675 € Euro

### Introduction

This training program is designed to provide leaders and professionals with a set of transformative tools and techniques to help them enhance their own and their team's creative potential in a strategic context. The starting point is self-discovery: participants will work from within first and then focus on the external to influence the world of business.

The training program will focus on leadership management and thinking in different ways. Participants should be ready to step out of their comfort zone and experience new ways of creating and delivering an inspiring leadership vision.

The training program helps to demystify the concept of "strategy," which is often misunderstood. With a focus on the analytical specialties that underlie successful strategies, it emphasizes strategic planning as a value-added process that harnesses the leader and team's ability to combine analysis and creative thinking and enable ideas and plans to become reality.

### Objectives

- Show innovative ways to harness the creative potential of others.
- Convey your vision in refreshing and engaging ways.
- Define the concepts of "strategy" and "strategic plans."
- Understand and explain visual thinking as part of the strategic process and apply strategic planning to your management issues.
- Place your part of the organization within the overall context of the company's strategy.
- Gain confidence in managing your contribution to strategic implementation.

### Target Audience

- Department Managers.
- Occupants of administrative, executive, and advisory positions.
- Heads of departments and those at their level in various institutions and organizations.
