Training Course: Certified Maintenance Reliability Professional Roadmap

Training Course code: MI234955 From: 10 - 14 June 2024 Venue: London (UK) - Landmark Office Space - Oxford Street
Training Course Fees: 5775 € Euro

Introduction:

Certified Maintenance Reliability Professional CMRP Roadmap is a training program that provides participants with the knowledge and skills to improve the reliability and maintenance of industrial assets. The program is designed to help participants understand the principles of maintenance reliability and develop the ability to apply these principles in their organizations.

Objectives:

- To understand the principles of maintenance reliability and its importance in asset management
- To develop the skills necessary to improve the reliability and maintenance of industrial assets
- To learn how to apply best practices in maintenance reliability
- To develop the ability to communicate the benefits of a maintenance reliability program to stakeholders

Target audience:

- Maintenance professionals
- Reliability engineers
- Asset management professionals
- Maintenance supervisors
- Operations managers

Outlines:

Day 1:

Introduction to Maintenance Reliability

- Overview of maintenance reliability
- Understanding the principles and concepts of maintenance reliability
- Overview of best practices in maintenance reliability

Day 2:

Maintenance Reliability Program Development

- Developing a maintenance reliability program strategy
- Establishing key performance indicators KPIs
- Setting goals and objectives for the maintenance reliability program

Day 3:

Maintenance Reliability Assessment

- Assessment of current maintenance practices
- Identifying opportunities for improvement
- Prioritizing maintenance reliability improvements

Day 4:

Maintenance Reliability Implementation

- Implementing a proactive maintenance program
- Improving maintenance processes and procedures
- Implementing predictive and preventive maintenance techniques

Day 5:

Maintenance Reliability Performance Measurement

- Measuring the performance of the maintenance reliability program
- Analyzing maintenance data and KPIs
- Continuous improvement of the maintenance reliability program.
