Training Course: Advanced Assertive Communication Skills

Training Course code: PS234744 From: 29 April - 3 May 2024 Venue: Kuala Lumpur (Malaysia) - Royale Chulan Kuala Lumpur Training Course Fees: 4950 € Euro

Introduction

The success of assertive communication lies in an individual's ability to fully imbibe assertiveness in their mindset first. Assertiveness is often viewed as rude or stern. However, it is aggressive or passive communication styles that bring out misleading outcomes in communication.

Our Assertive Communication Training Course has helped several executives, managers, government employees and business owners acquire a paradigm shift in their mindset, thus allowing a breakthrough from their redundant communication exhibit.

Our post-training analysis records a display of positive assertive communication in all our participants, empowering them to embrace a higher level of success every day.

Course Objectives

The main objective of this course is to empower professionals with:

- the ability to reach a higher level of competence in assertive communication
- real-time feedback on their spoken communication aligned with assertiveness in 21st-century communication
- the ability to recognise language and vocal aspects that do not align with assertive communication
- capability to correct these errors and self-improvise
- understanding of the requisites of an assertive positive and collaborative communicator
- ability to express ideas assertively on any subject
- the skill to initiate conversations, offer feedback, respond to criticism and compliment people assertively
- understanding of the potential of assertive listening, questioning and acknowledging the other

Training Methodology

We inspire trainee participation through group discussions, role-plays, group activities, evaluations and more.

Trainees are also entreated to share their experiences, concerns, apprehensions and best practices from their respective organisations, which are facilitated by the trainer to enhance learning for the entire participant group.

Organisational Benefits

Organisations whose professionals undertake this course will benefit in many ways as follows:

- Individuals become excellent at assertive communication and their skills will reflect positively for your business
- More calibration in collaborative communication, aligned with the brand values of your organization
- Greater respect for the individual, the organisation and brand value
- Increased demand for the goods and services your organization offers in diverse markets

- The decrease in conflicts over instructions and ambiguous communication
- Market credibility increase owing to stakeholder recommendations
- Improved individual performance owing to the higher understanding and exhibiting of assertiveness in communication and a positive sense of esteem for the organization
- Better dispute management, owing to a keen awareness of human behaviour
- Lower attrition as individuals participating will feel invested in, listened to, valued and motivated

Personal Benefits

Professionals attending this course will benefit at an in-depth level in the following ways:

- A clear understanding of the role of assertive communication in professional interactions
- An increased awareness of one's ability to understand human behaviours and their effect and impact on communication styles
