Training Course: Selling Skills in E-Commerce

Training Course code: SM234617 From: 3 - 7 June 2024 Venue: London (UK) - Landmark Office Space - Oxford Street
Training Course Fees: 5250 € Euro

Introduction

It's no question that selling online can dramatically broaden your audience and has been the key to success for many businesses. This course will help you harness the power of e-commerce.

You will learn how to better understand your brand and define your target market so that you can position your brand online most effectively. You will also discover how to develop a marketing and sales strategy and gain the skills required to execute it.

Course Objectives - Selling Skills in E-Commerce

- Create an engaging homepage. You can improve a customer's experience by creating quality content with an attractive design. Throughout the E-commerce course, you will learn to choose the right imagery, which will complement the perfect product description.
- Drive sales through your product pages. The content on your product page is the most effective way to convert your users. This course will teach you the best ways to increase your sales through these key pages.
- Create a checkout experience that's successful. With different payment processors, you have to keep up with the most reliable option for your customer as well as ensure an easy checkout experience. We will help you to analyze the reasons why people abandon baskets right before checkout, and how to improve this.
- Understand which E-commerce platform is best. The amount of E-commerce platforms available is overwhelming, but which one is the best for your business? We will teach you the difference and which option will align with your business objectives and strategy.
- Improve your sales conversion rates. Understanding your audience and creating targeted content will help to increase customer engagement and, as a result, improve the conversion.
