Training Course: Managing & Motivating Towards Excellence

Training Course code: PS1121 From: 16 - 20 December 2024 Venue: London (UK) - Landmark Office Space
- Oxford Street Training Course Fees: 5250 € Euro

Introduction

To create high levels of customer satisfaction and achieve the organizational mission, organizations must become "One Big Team Working Together". Everyone must contribute to their ideas, working together as internal customers. This requires a radical shift in the "management" paradigm where leaders and professionals realize the importance of employee involvement in the management process i.e. the importance of encouraging and motivating employees to contribute their ideas as well as to harness the employees' potential, and adopt a major change of role.

In the post-Industrial "command and control" era, business demands a new breed of leader who couples technical skills with good people leadership - the ability to manage and motivate for excellence.

This seminar will enable the participants to:

- Manage and motivate their employees towards excellent performance.
- Learn to help their employees to harness their full potential towards excellence in the workplace.
- Understand employees' personal needs and motivate innovative thinking
- Apply knowledge of individual differences to motivate others
- Remove blocks to motivation and develop people skills to motivate others

Course Objectives of Managing & Motivating Towards Excellence

By the end of the program, participants will:

- Gain insights into their own strengths and weaknesses and leadership styles
- Be able to understand the emotional makeup of their teams, colleagues, and customers
- Have begun to develop leadership competencies and skills to motivate employees
- Understand and begin to practice innovative leadership
- Have built a foundation for continuous Improvement
- Be able to harness their employees' emotional intelligence to release creativity in the workplace
- Understand and practice key people skills to motivate towards excellence

Course Methodology of Managing & Motivating Towards Excellence

We use a variety of accelerated learning techniques to help to embed learning and enhance recall where it really counts - back in the workplace. Any theory discussed will be grounded immediately in practical day to day work. Methods will include "freeze-frame" role-plays, case studies and self-assessments, and other practical activities based around real working scenarios. Learning will be enhanced through active involvement in exercises followed by a review. Opportunities for self-assessment will be provided and feedback on individual and group performance will be encouraged. Participants will have opportunities to work on their own individual team issues during the program.
