

*Training Course:
Budget Management & Control*

1 - 5 December 2024

Dubai (UAE)

Residence Inn by Marriott Sheikh Zayed Road, Dubai

Training Course: Budget Management & Control

Training Course code: FI2040 From: 1 - 5 December 2024 Venue: Dubai (UAE) - Residence Inn by Marriott Sheikh Zayed Road, Dubai Training Course Fees: 4150 € Euro

Introduction

Budgets are an essential financial tool, which aid, planning, decision making, resource allocation, coordination, and control.

Without the necessary skills Budgets can be poorly managed and lack control or alternatively fail to provide the flexibility required to seize opportunities and respond to changing market and economic events.

This program provides participants with the skills necessary for the effective management and control of budgets including the:

- Sales Budgets
- Production Budgets
- Cash Budgets
- Capital Budgets and
- Master Budget

Course Objective of Budget Management & Control

Participants attending will:

- Develop the skills to effectively Use Budgets as a management tool:
 - Identifying key performance indicators for effective and focused decision making
 - Performing "What If" and Sensitivity Analysis to evaluate the implications of changes in major factors of production and consumption
 - Recommending various courses of action to manage the implications of "What If" and Sensitivity Analysis.
- Develop the skills to effectively Manage & Control the budgeting process by:
- Implementing advanced planning and control techniques such as
 - Variance Analysis into the budgeting process
 - Providing a decision support structure that provides timely and useful information to decision-makers

In particular, the following will find it very helpful:

- Financial managers, finance controllers treasurers and inventory managers
- Senior managers with direct responsibility for financial management and control
- Accountants, sale and purchase managers and managers responsible for the relationship with banks
- Any manager, at a medium and senior level, who is a part of the financial decision-making team.
- New interns and trainees with finance-related responsibilities.
- Department heads, process owners, administrative personnel associated with budget management, financial and technical professionals, sales and marketing professionals, project managers, and anyone who needs to understand how to develop cost projections for their department, projects.

The Process of Budget Management & Control

The program is highly interactive. Delegates will be actively engaged in an on-going case study applying different management and control techniques in a work situation to ensure the development of understanding and the transfer of skills. Participants will also be given a detailed set of handouts and examples.

The Benefits of Budget Management & Control

- You will be able to further your professional skills.
- You will make improved budgeting decisions which will increase your importance to your organization
- You will be able to manage and control budgets effectively.
