Training Course:
Community-Based Planning

22 - 26 December 2024
Manama (Bahrain)
Fraser Suites

Training Course:
Community-Based Planning

Training Course code: RR235069 From: 22 - 26 December 2024 Venue: Manama (Bahrain) - Fraser Suites Training Course Fees: 4250 ⬜ Euro

Introduction:

This training program, developed by Global Horizon, aims to equip participants with the skills and knowledge needed to effectively plan and implement community-based development projects. Community-based planning involves engaging and involving community members in the planning and decision-making process to ensure that projects are responsive to their needs and priorities. Through this training program, participants will learn the key principles, tools, and techniques for effective community-based planning.

Objectives:

- To provide participants with an understanding of the principles and concepts of community-based planning

- To equip participants with the skills and knowledge needed to effectively engage and involve community members in the planning process

- To enable participants to develop community-based plans that are responsive to the needs and priorities of the community

- To provide participants with the tools and techniques needed to effectively implement community-based plans

- To enable participants to effectively monitor and evaluate community-based plans to ensure their success and sustainability.

Target Audience:

This training program is designed for community development practitioners, project managers, and anyone involved in community-based development projects. It is also suitable for government officials and NGOs working with communities to implement development projects.
