## Training Course: Public Private Partnership Project Management

Training Course code: PC9450 From: 18 - 22 August 2024 Venue: Amman (Jordan) - Chemisty Training Course Fees: 3250 € Euro

### Introduction

Public Private Partnerships PPPs, as we know and refer to them in the present-day procurement literature, are in fact arrangements that have their antecedents in early procurement systems in many countries. The notion of private sector participation in development projects and schemes that have traditionally been in the realm and domain of public sector entities and agencies is therefore neither new nor entirely innovative. What is unique though is the tremendously fresh impetus that has recently been given to such arrangements by way of structure and development of a comprehensive framework that galvanizes this joint participation, much of which has been largely driven by the growing economic development and regeneration needs invarious countries

### Course Objectives of Public Private Partnership Project Management
