Training Course: Strategic Leadership, Setting the Future Vision, Preparing Administrative Plans, and Achieving them

Training Course code: LS235245 From: 27 - 31 May 2024 Venue: Rome (Italy) - Training Course Fees: 5250 € Euro

Introduction:

The remarkable progress in the field of strategic management in recent years can be attributed to innovative ideas introduced by leaders seeking to enhance their organizations' competitiveness from the perspective of customers, stakeholders, employees, and society at large.

In the face of rapid changes in the world, the emergence of globalization, and the competitive unity brought about by the "GATT" agreement, it became imperative for leaders in Arab organizations to prepare themselves for these changes through administrative innovation in planning, organizing, coordinating, strategic thinking, and the development of future visions and administrative plans. This preparation equips them to adapt to the challenges of this era and achieve high performance.

Course Objectives:

By the end of the workshop, participants will be able to:

- Understand how to build positive thinking as a foundation for administrative innovation and adapt to new global transformations and challenges.
- Develop plans, programs, and performance evaluation.
- Apply effective planning methods in the practical workplace and proper remote monitoring.
- Incorporate creativity in planning and business monitoring.
- Establish an effective dynamic organization.
- Foster creative coordination and support Quality of Work Life QWL and its core values.
- Manage comprehensive and continuous change and development.
- Recognize the difference between strategic leadership and various leadership styles.
- Identify future challenges and how to address them.
- Acquire concepts, objectives, and skills for foresight.
- Understand strategic leadership in terms of its principles, scientific foundations, and core skills for senior management in strategic thinking.

Target Audience:

This workshop is designed for:

- All leaders responsible for planning and foresight and the execution of policies and goals in various organizations.
