

*Training Course:
International Safety Management (ISM)*

15 - 19 September 2024

Cairo (Egypt)

Holiday Inn & Suites Cairo Maadi, an IHG Hotel

Training Course: International Safety Management (ISM)

Training Course code: MM235337 From: 15 - 19 September 2024 Venue: Cairo (Egypt) - Holiday Inn & Suites Cairo Maadi, an IHG Hotel Training Course Fees: 3900 € Euro

Introduction

The International Safety Management ISM Code serves as a fundamental framework for ensuring the safety and pollution prevention aspects of maritime operations. Developed by the International Maritime Organization IMO, the ISM Code aims to establish a systematic approach to managing safety and environmental protection on ships and ashore. Proper understanding and implementation of the ISM Code are essential for enhancing maritime safety, preventing accidents, and protecting the marine environment.

Objectives

- Provide participants with a comprehensive understanding of the ISM Code, its history, purpose, and objectives.
- Familiarize participants with the regulatory framework surrounding the ISM Code, including SOLAS Chapter IX requirements.
- Equip participants with the knowledge and skills necessary to implement and maintain an effective Safety Management System SMS in accordance with the ISM Code.
- Enable participants to identify hazards, assess risks, and develop appropriate risk control measures to enhance safety and prevent incidents at sea.
- Enhance participants' awareness of human factors in safety management, including crew resource management, safety culture, and fatigue management.
- Provide practical insights and case studies to illustrate ISM Code implementation in real-world maritime operations.
- Prepare participants to contribute effectively to the promotion of safety and environmental protection within their respective maritime organizations.

Target Audience

This training program is designed for maritime professionals involved in vessel operations, management, and safety-related roles, including but not limited to:

- Shipowners and operators
- Masters and officers onboard ships
- Shore-based management personnel
- Safety and quality managers
- Flag and port state inspectors
- Classification society representatives
- Maritime regulatory authorities
- Maritime training institutions and academia
