Conference: Integrated Security and Safety Systems

Conference code: CO235425 From: 9 - 13 June 2025 Venue: London (UK) - Landmark Office Space - Oxford Street
Conference Fees: 5775 € Euro

Introduction

The management of occupational security and safety systems is responsible for numerous duties and obligations related to the planning, execution, and monitoring of all matters associated with occupational safety within an establishment. This includes organizing fundamental guidelines and rules aimed at protecting workers, employees, machinery, and equipment alike. The management carries out its tasks through plans that outline its paths, responsibilities, and duties in implementing occupational security and safety standards, preventing hazards, and putting its principles into practice while adhering to goals related to providing a safe, hazard-free work environment, maintaining environmental safety, and achieving a unified work system.

Conference Objectives

By the end of the conference, participants will be able to:

- Develop strategies and fundamental principles in safety systems training programs to enhance their level.
- Create reports on security and safety operations.
- Reinforce the basics of occupational security and safety in their specializations.
- Apply standards for providing security, safety, and health to face dangers.
