## Training Course: Software License Management

Training Course code: IT1941 From: 30 March - 3 April 2025 Venue: Cairo (Egypt) - Holiday Inn & Suites Cairo Maadi, an IHG Hotel Training Course Fees: 3575 € Euro

### Introduction:

Welcome to the Software License Management training program. This comprehensive program aims to equip IT professionals, software asset managers, and procurement officers with the essential knowledge and skills needed for effective software license management. Through this training, participants will understand software licensing models deeply, learn strategies to optimize license usage and reduce costs, and develop proficiency in ensuring license compliance and mitigating associated risks. The program will also explore best practices for software asset management and introduce tools and techniques for efficient license management. Whether you are new to software license management or seeking to enhance your existing skills, this training program will provide valuable insights and practical knowledge to excel in this critical domain.

- Overview of the training program
- Introduction to the importance of software license management
- Explanation of the impact of improper license management
- Setting expectations and objectives

### Objectives:

- Understand the fundamentals of software license management
- Learn strategies to optimize software license usage and reduce costs
- Develop skills to ensure license compliance and mitigate risks
