Training Course: Skills For Women at Work

Training Course code: PS1098 From: 16 - 20 June 2025 Venue: Boston (USA) - Training Course Fees: 6200 € Euro

Introduction

Increasingly, it is being recognized that the trend towards equal opportunities for women is giving women the chance to take more responsibility and make more contributions to the success of their organization.

However, in many cases, there is a need to develop the skills and confidence necessary to maximize potential as individuals and as employees. This program is designed to do just that - to equip women with the skills, knowledge, and confidence to succeed in what has traditionally been a male-dominated society.

The seminar will involve experiencing personal development and practicing the new skills using ten competencies which are the key to success in a position of responsibility.

Course Objectives of Skills For Women at Work

As a result of being on this seminar you will:

- Get to know yourself better
- Improve your personal effectiveness
- Improve your ability to influence others
- Improve your assertiveness and self-confidence
- Improve your business awareness

Course Methodology of Skills For Women at Work

The week will include presentations, discussion, and syndicate work. The emphasis, however, will be on experiential learning - learning by experiencing effective and ineffective behavior in yourself and in others.

The learning will be built around the following ten competencies

- Leadership
- Impact & Influence
- Thinking And Problem Solving
- Customer Awareness
- Interpersonal Skills and Assertive Communication
- Initiative and Pro-activity
- Emotional Intelligence and Self-Management
- Results Focus

In this course, all skills will be taught through a combination of theory and practice, which each delegate having the opportunity to gain the confidence in their abilities in practice their skills in a safe environment.

Personal Impact of Skills For Women at Work

A s a r e s u l t o f b e i n g o n t

how to communicate well, how to make a positive personal impact, how to manage time, and how to lead, organize and delegate. Most importantly, the learning will be achieved by experiencing the effect of these skills being applied effectively in the safe environment of the seminar.

Delegates will also learn a lot about themselves, their effective and ineffective behavior, how to change, and how to put the new skills into practice back in the workplace.

Organizational Impact of Skills For Women at Work

Organizations that take seriously the development of work-related skills in women will empower and enable women to fulfill their potential and thus be able to gain the benefits from developing all their best people - irrespective of whether male or female.
