Training Course: Fundamental of Corporate Financial Statement Analysis

Training Course code: FI235057 From: 28 April - 2 May 2025 Venue: London (UK) - Landmark Office Space - Oxford Street Training Course Fees: 5250 I Euro

Introduction:

This training program will provide participants with a comprehensive overview of financial statement analysis, covering both the theory and practical application of key concepts. Through a mix of lectures, case studies, and interactive exercises, participants will learn how to analyze financial statements and use the information to make informed decisions.

Objectives:

By the end of this training program, participants will be able to:

- Understand the purpose and importance of financial statement analysis
- Identify the key elements of financial statements and their interrelationships
- Apply key financial ratios and metrics to evaluate a company's financial health
- Interpret financial statements to make informed investment, credit, and other business decisions
- · Communicate financial analysis results effectively to stakeholders

Target Audience:

This training program is designed for professionals who are involved in financial analysis and decision-making, including:

- Financial analysts and managers
- · Investment analysts and portfolio managers
- Credit analysts and lenders
- Corporate finance professionals
- Accounting and auditing professionals
- Business owners and entrepreneurs
