# Conference: Business Brain Train

Conference code: CO8075 From: 19 - 30 January 2025 Venue: Amman (Jordan) - Chemisty Conference Fees: 6160 

Euro

#### Introduction

When did you last stop to think about how you work at work - and whether the way you work could be changed to help you be more successful? The Business Brain Train Seminar provides a thoroughly enjoyable environment for you to explore these questions. It shows how to make yourself more effective using mind mapping; teaches techniques for faster, more effective reading, and shows how to use memory systems to remember information. It examines techniques for idea generation, creativity and problem solving; planning; time management; and interpersonal communication skills including making a speech and how to improve meetings. It focuses on the core skills required for success in any enterprise. The seminar helps individuals:

- · Read faster and read better combining speed reading with techniques for better comprehension
- · Learn how to use mind mapping for planning, note-making, and clearer-thinking
- · Learn the secrets of memory systems and how to use them to remember information
- Generate ideas and use problem-solving techniques
- Develop strategies for managing time, priorities and pressure
- Understand the importance of the whole brain effect on business effectiveness

### Conference Objectives of Business Brain Train

- Read faster and more efficiently. Tackle reading tasks with more confidence
- Combine fast reading, mind-mapping and memory skills with time management techniques to help handle linformation overload
- Develop effective strategies for managing time, priorities and pressure
- · Be able to explore and develop new ideas and approaches
- Be more confident in your ability to work in groups, to contribute ideas and to take initiative and responsibility
- Understand how to create a <code>@success culture@using @business brain skills@</code>

## Training Methodology of Business Brain Train

This conference is enjoyable, practical, and interactive. The techniques are presented in a clear and easy-to-learn way using a mix of an individual experiment, group work, and discussion. You will find plenty of opportunities to participate, comment, and question - but will never be put under pressure to express opinions or compete. You will be invited to learn at your own speed and to focus on developing your own skills.
