Conference: Financial Management for Projects & Contracts

Conference code: CO8257 From: 29 June - 3 July 2025 Venue: Cairo (Egypt) - Holiday Inn & Suites Cairo Maadi, an IHG Hotel Conference Fees: 3575 € Euro

Introduction

With increasing competition and focus on corporate earnings, project and contract managers are held accountable, not just for achieving technical and scheduling goals, but also for meeting profitability targets and other cost-related measures.

This training session explores the financial metrics that are commonly used and also examines the less frequently thought of the financial impact of typical operating decisions and actions. Building on your competencies, you will examine the inner mechanics of how finance and accounting can impact your project.

Conference Objectives of Financial Management for Projects & Contracts

- Communicate more effectively with accounting and financial personnel
- Read, understand, and analyze accounting and financial data
- Expand your work in project scheduling and cost control to encompass additional financial metrics and tools
- Minimize project financial risk
- Develop and apply tools for comparing project financial returns
- Understand how finance often drives organizational decisions and evaluations of project performance.

Conference Summary of Financial Management for Projects & Contracts

Learn about common financial analysis tools in the project environment that link project management to broader corporate strategic goals. Case studies and project-related exercises give you the opportunity to apply these proven tools and techniques.

Learn how the financial health of your organization can be significantly affected by operating decisions regarding pricing as well as terms and conditions and asset management.
