Professionals*

8 - 12 June 2025

Cairo (Egypt)

Holiday Inn & Suites Cairo Maadi, an IHG Hotel

Training Course: Marine Operations Risk Management for HR Professionals

Training Course code: MM1927 From: 8 - 12 June 2025 Venue: Cairo (Egypt) - Holiday Inn & Suites Cairo Maadi, an IHG Hotel Training Course Fees: 3900 € Euro

Introduction

Marine Operations Risk Management is a critical process that helps organizations identify and mitigate risks associated with marine operations. HR professionals play a vital role in this process by ensuring that employees are aware of risks and trained to follow procedures that minimize risks. A training program in Marine Operations Risk Management for HR professionals is essential to help them understand the importance of risk management, how to identify, assess and mitigate risks, and comply with relevant regulations and standards.

Methodologies

The Marine Operations Risk Management training program for HR professionals will utilize a variety of methodologies, including:

- Interactive presentations and lectures
- Case studies and real-world examples
- Group discussions and brainstorming sessions
- Practical exercises and simulations
- Q&A sessions with subject matter experts
- Continuous assessment and evaluation to ensure learning objectives are being met

Objectives

The main objectives of the Marine Operations Risk Management training program for HR professionals are:

- To understand the principles and importance of Marine Operations Risk Management
- To understand the role of HR professionals in managing risks associated with marine operations
- To learn how to identify and assess hazards and risks associated with marine operations
- To learn how to develop and implement risk management plans and strategies
- To learn how to comply with relevant regulations and standards
- To learn effective communication and collaboration strategies for risk management
- To develop the skills and knowledge required to implement a comprehensive Marine Operations Risk Management plan in their organization.

Target Audience

The Marine Operations Risk Management training program is designed for HR professionals who work in organizations involved in marine operations, including shipping, offshore drilling, fishing, and other related

industries. The program is also suitable for other professionals who are involved in marine operations risk management, including safety managers, operations managers, and regulatory compliance officers. The program is ideal for those who are responsible for developing and implementing risk management strategies, policies, and procedures in their organization.
