Introduction

In today is fast-paced, high-stakes business environment, new opportunities may present themselves at any moment and executives must be prepared to negotiate. Influence negotiation skills may make the difference between a favorable and detrimental outcome for your organization. In this program, you ill learn how to influence and negotiation effectively to achieve more value while maximizing the benefits for your organization.

"Typically, we think of negotiations in the dramatic context of the highest sum game: geopolitical, corporate acquisitions, or situations involving monetary consequences such as buying a home or accepting a new salary. While influencing and negotiations are critical in those instances, we often don't realize that even our most mundane daily interactions are indeed negotiations," says Professor John Burrows, the program's Faculty Director.
