

*Training Course:  
Oil and Gas Marine Terminals*

*12 - 16 January 2025  
Sharm El-Sheikh (Egypt)  
Sheraton Sharm Hotel*

## Training Course: Oil and Gas Marine Terminals

Training Course code: EN6062 From: 12 - 16 January 2025 Venue: Sharm El-Sheikh (Egypt) - Sheraton Sharm Hotel  
Training Course Fees: 4200 € Euro

### Introduction

This five-day course is essential for those involved in the management and operation of on-shore and off-shore terminals

Topics discussed include:

- Hydrocarbon properties & handling
- Regulations & Requirements
- Terminal Planning
- Vessel Operations
- Terminal Management & Operations
- Security & Safety and other essential topics related to Export/Import Oil & Gas

### Course Objectives of Oil and Gas Marine Terminals

- Gain in-depth knowledge on operations & management of oil & gas marine terminals
- Recognize the international regulations & requirements for the oil & gas marine terminals
- Apply proper planning techniques in storage & transfer systems and command of the various planning and transfer requirements for oil & gas marine terminal
- Discuss the different vessel operations in the oil & gas marine terminal such as oil tankers crude & product and gas carriers LNG / LPG
- Develop good terminal management skills and employ various terminal support operations such as berthing support, cargo transfer support, emergency response, and vessel departure support
- Apply proven safe practices and procedures during the various operations in oil & gas terminals and manage oil spill contingency and emergency response plans
- Employ the latest qualitative and quantitative risk assessment techniques in oil & gas marine terminal operations

### Course Methodology of Oil and Gas Marine Terminals

The seminar will be conducted along with workshop principles with formal lectures, case studies and interactive worked examples. Relevant case studies will be provided to illustrate the application of each tool in an operations environment. Each learning point will be re-enforced with practical exercises. There will be ample opportunities for discussion and sharing experiences.

### Organizational Impact of Oil and Gas Marine Terminals

Professional management and operation of oil and gas marine terminals are vital to the budgetary success of the operations organization. The organization will realize:

- Improved operational integrity
- Improved operational performance

- Improved equipment usage
- Better safety record
- Improved terminal profitability
- Improved terminal integration and operation.

## Personal Impact of Oil and Gas Marine Terminals

Delegates will enhance their competencies in the following areas:

- Operations & management of oil & gas marine terminals
- Understanding of international regulations & requirements for the oil & gas marine terminals
- Development of good terminal management skills
- Qualitative and quantitative risk assessment techniques in oil & gas marine terminal operations
- Vessel operations in the oil & gas marine terminal such as oil tankers crude & product and gas carriers LNG / LPG
- Planning techniques in stowage & transfer systems

### Course Outlines of Oil and Gas Marine Terminals

#### Day 1: Cargo Properties

- Course Overview and Introductions
- Dangerous Cargos
  - Toxicity
  - Confined spaces
  - Breathable atmospheres
- Hydrocarbon properties
- Crude oil
- Liquified Petroleum Gas
- Liquified Natural Gas
- UEL & LEL
- BLEVE
- Pancake cloud explosions
- Fires & Explosions

#### Day 2: Storage & Transfer

- Storage Tanks
  - Atmospheric aboveground storage tanks
  - The floating roof, fixed roof, variable vapor space, and pressurized tanks
  - Tank inspections & cleaning
- Transfer Systems
- Centrifugal pumps design and operation
- Piping systems
- Flow and pressure matching
- Marine Loading Arms
- Lightering
- The Ship/Shore Safety Checklist
- Ship-shore Transfers

#### Day 3: Harbour & Vessels

- Jetties, quays, wharves & SBMs
  - Harbor design and construction
  - Sizing & tidal effects
  - Depth constraints & dredging operations
  - SBM design & construction
- Hoses
- Cargo compatibility
- Marking & testing
- Storage & maintenance
- Disposal of tanks washings, slops & dirty ballast
- Bunkering
- Communications & emergency response plans
- Shipboard management

#### Day 4: Safety and Risk

- Ignition sources
  - Electrostatic charge
  - Hazardous zone classification
  - Intrinsically safe equipment
- Fire fighting & protection
- Fire detection systems
- Fire fighting systems
- Shipboard firefighting systems
- Risk assessments
- Risk management
- Qualitative and quantitative risk assessment techniques
- Risk

#### Day 5: Terminal Management

- Storage & transfer planning
- Berthing support
- Cargo transfer support
- Emergency response
- Vessel departure support
- Security and vessel access
- International regulations & requirements for oil & gas marine terminals

## Registration form on the Training Course: Oil and Gas Marine Terminals

Training Course code: EN6062 From: 12 - 16 January 2025 Venue: Sharm El-Sheikh (Egypt) - Sheraton Sharm Hotel Training Course Fees: 4200 € Euro

Complete & Mail or fax to Global Horizon Training Center (GHTC) at the address given below

### Delegate Information

Full Name (Mr / Ms / Dr / Eng): .....  
 Position: .....  
 Telephone / Mobile: .....  
 Personal E-Mail: .....  
 Official E-Mail: .....

### Company Information

Company Name: .....  
 Address: .....  
 City / Country: .....

### Person Responsible for Training and Development

Full Name (Mr / Ms / Dr / Eng): .....  
 Position: .....  
 Telephone / Mobile: .....  
 Personal E-Mail: .....  
 Official E-Mail: .....

### Payment Method

- Please find enclosed a cheque made payable to Global Horizon
- Please invoice me
- Please invoice my company

### Easy Ways To Register

Telephone:  
+201095004484 to  
provisionally reserve your  
place.

Fax your completed  
registration  
form to: +20233379764

E-mail to us :  
info@gh4t.com  
or training@gh4t.com

Complete & return the  
booking form with cheque  
to: Global Horizon  
3 Oudai street, Aldouki,  
Giza, Giza Governorate,  
Egypt.
