Introduction

The ITIL® Specialist - Create, Deliver & Support CDS is one of five courses needed to achieve ITIL 4s Managing Professional MP designation.This 5-days course covers the core service management activities and expands beyond the current scope of ITIL v3 to cover the creation of services.The course agenda covers the ITIL 4 practices to help you understand the major factors that contribute to the successful creation, delivery, and support across ITILs new service value system SVS business model. This training is designed to be a preperation for the ITIL Specialist - Create, Deliver & Support exam.

Course Objective of ITIL Specialist - Create, Deliver & Support

At the end of this program participants will be able to:

- Understand how to plan and build a service value stream to create, deliver, and support services
- Understand the planning and management of resources in the SVS
- Discover how relevant ITIL practices contribute to creation, delivery, and support across the SVS and value streams
- create, deliver, and support services
- Discover how to prioritize, structure, and coordinate work and activities
- service integration management SIAM
