Training Course: Contract Risk Management & Compliance

Training Course code: PC235369 From: 26 - 30 May 2025 Venue: Prague(Czech) - Training Course Fees: 5250 🛘 Euro

Introduction

One of the major functions of contracting is to ensure that risks to owners and contractors are identified and managed in a way that both parties are satisfied with the project outcome. While a contract cannot, of itself, make risk <code>[go away]</code>, it can, and should, identify the risks, determine who is responsible for managing each individual risk, and for the consequences should the risk occur. We developed this interesting and fast-paced course to provide participants with:

- · Critical understandings of the risk mitigation process.
- Knowledge to move contracts from the tactical to a more important strategic focus.
- · Ability to identify risks that can arise.
- · Skills in allocating contract and procurement risk.
- Examples of Contract Terms and Conditions which allocate risk.

Course Objectives of Contract Risk Management & Compliance

The Primary Objectives of the Course are to help Delegates to:

- Provide an understanding of how risk arises-
- · Compare different methods of identifying and assessing risk-
- Review the impacts of different approaches to risk allocation-
- Explore different Contract types to transfer risks-
- Consider the contractual techniques to ensure effective risk allocation.
- Review risk management techniques during the life of a contract-

Training Methodology

- Participants will increase competencies through a variety of instructional methods including a lecture by an
 experienced practitioner and consultant, cases/exercises, reviewing published articles, checklists, and
 group discussions covering current practices and their relationship to the implementation of new concepts.
- Delegates are encouraged to bring real problem examples with them, for discussion on a confidential basis,

and to share their experience of particular issues in their company or industry. Time will be allowed for general discussions, and for one-to-one discussion with the trainer.

Organizational Impact of Contract Risk Management & Compliance

The organization will benefit by:

- Expanding the expertise of personnel involved in contract development and management will allow project and general management teams to be more effective.
- The total cost of ownership will be understood and reduced by properly identifying and managing the risks.
- Clear allocation of risk will reduce the possibility of disputes, and any that do arise should be settled more quickly, with less cost, delay, and disruption.
- Reducing project failure, costly changes, and cost overruns resulting from poor understanding and management of risk.
- Implementing better risk management which improves the chance of project success.
- Developing an appreciation of the true effect of contractual indemnities which will enable better decisionmaking as to contract structures and ensure that risk is passed to others properly and in a cost-effective manner.
