Training Course: Mastering Political Theory and Advanced Policy Analysis

Training Course code: SC235604 From: 20 - 24 April 2025 Venue: Cairo (Egypt) - Holiday Inn & Suites Cairo Maadi, an IHG Hotel Training Course Fees: 3575 € Euro

Introduction:

Political theory and policy analysis are critical for understanding the intricacies of governance, power dynamics, and policymaking in an increasingly complex world. This advanced program offers participants the opportunity to explore both classical and contemporary political theories while applying these frameworks to real-world policy analysis. By mastering these tools, participants will enhance their ability to strategically analyze political systems, formulate policies, and predict political trends.

This five-day course provides a deep dive into political thought, comparative governance, and advanced policy techniques. With a focus on interactive learning and practical case studies, participants will leave the course equipped with the knowledge and skills necessary to address contemporary political challenges.

Objectives:

- Understand the foundations and evolution of political theory.
- Master advanced techniques in policy analysis.
- Analyze and compare global political systems.
- Evaluate current political trends and their implications.
- Apply strategic thinking to policy development.

Target Audience:

- Political analysts and researchers
- Government officials and policymakers
- Academics and students in political science
- Professionals in international relations or public administration
- Policy consultants and advisors

Outlines:

Day 1:

Foundations of Political Theory

- Overview of classical and modern political theories.
- Key political philosophers: Plato, Machiavelli, Hobbes, and Foucault.
- Discussion on the evolution of political ideologies and their relevance today.
- Case study: How classical theories have shaped modern political thought.

Day 2:

Comparative Politics and Governance Systems

- Examination of different political systems: Democracy, Authoritarianism, and Hybrid systems.
- Comparison of governance models: Federalism vs. Unitary states.
- Analysis of political institutions' roles in shaping policy.
- Case study: Comparing the political systems of major global powers.

Day 3:

Advanced Policy Analysis

- Introduction to key frameworks and tools in policy analysis.
- The role of evidence-based analysis in policymaking.
- Techniques for evaluating policy effectiveness.
- Case study: Analysis of national and international policy interventions.

Day 4:

Global Political Dynamics and Strategic Thinking

- Examination of contemporary global political trends.
- International relations and the rise of new political powers.
- The strategic role of political theory in global policy making.
- Case study: Global political strategy in addressing international crises.

Day 5:

Political Leadership and Future Trends in Policy

- The role of political leadership in driving policy innovation.
- Emerging trends in political science and their impact on policy.
- Strategic development of political leadership skills.
- Final project: Development of a comprehensive political strategy for a national or international scenario.
