Training Course: Succeeding as a New Manager

Training Course code: MA1084 From: 6 - 10 January 2025 Venue: Singapore - Training Course Fees: 5950 € Euro

Introduction

This program provides an understanding of the issues which allow for effective management and supervision, such as proactive planning, understanding of customer relations, effective time management, proper communication, and understanding of human interaction, helping new managers/supervisors know how to use productive leadership and management techniques.

Course Outlines of Managing Priorities, Performance & Pressure

- Understand and develop skills necessary for new managers/supervisors
- Learn the importance of managing strategic thinking
- Learn how to set goals and plan effectively and efficiently
- Develop an ability to establish a customer focus in management
- Develop positive interpersonal techniques for better people relationships
- Improve their ability to make higher quality decisions
- Apply concepts of team building, team performance, and motivation
- Learn how to establish and maintain time management techniques
- Understand the role of stakeholders and learn techniques of stakeholder management
- Understand how to develop productive communication techniques
- Understand the importance of performance standards, goals, and objectives
- Develop improvement plans to accomplish work and improve performance

Course Methodology of Managing Priorities, Performance & Pressure

This program is an interactive mixture of lectures, discussions, activities, and practice on management and supervisory skills. It provides definitions, examples, discussion, and activities designed to promote skill building with interaction and discussion among participants. Activities and work on practice case studies are used to deliberately highlight the concepts taught and allow participants to practice new skills.

Course Outlines of Managing Priorities, Performance & Pressure

New managers and supervisors are in a unique role of being able to direct and manage a group of people, but at the same time are learning the best methods of leadership and management. This program is designed to give participants an understanding of key management and supervisory leadership skills, methods, processes, and procedures, as well as practice techniques. The principles used are easily adapted to any type of organization or individual's management role.

Course Outlines of Managing Priorities, Performance & Pressure

DAY 1 - Leadership Skills Required of a New Manager/Supervisor

- Identification of management and supervisory leadership skills
- Challenges supervisors face in dynamic, changing organizations
