Training Course: Business Process Modeling

Training Course code: MA235078 From: 2 - 6 June 2025 Venue: London (UK) - Landmark Office Space - Oxford Street
Training Course Fees: 5250 € Euro

Introduction:

This training program on Business Process Modeling has been designed by Global Horizon to provide professionals with an in-depth understanding of the principles and practices of business process modeling. The program is designed to equip participants with the knowledge and skills required to develop effective business process models that improve organizational efficiency, productivity, and performance.

Objectives:

- Understand the concepts and principles of business process modeling.
- Learn how to analyze and map business processes.
- Identify process improvement opportunities and develop process optimization strategies.
- Understand the role of technology in business process modeling.
- Develop skills to effectively communicate process models to stakeholders.

Target Audience:

This program is suitable for professionals who are involved in business process improvement initiatives, such as process analysts, business analysts, project managers, quality managers, and IT professionals. The program is also ideal for those who wish to enhance their knowledge and skills in business process modeling.
