Training Course: Certified Manager Quality & Organizational Excellence

Training Course code: LS234645 From: 8 - 12 June 2025 Venue: Sharm El-Sheikh (Egypt) - Sheraton Sharm Hotel
Training Course Fees: 3500 € Euro

Introduction

The Certified Manager Quality and Organizational Excellence is a professional who leads and champions process-improvement initiatives - everywhere from small businesses to multinational corporations - that can have a regional or global focus in a variety of service and industrial settings.

A Certified Manager Quality and Organizational Excellence facilitates and leads team efforts to establish and monitor customer/supplier relations, supports strategic planning and deployment initiatives, and helps develop measurement systems to determine organizational improvement.

The Certified Manager Quality and Organizational Excellence should be able to motivate and evaluate staff, manage projects and human resources, analyze financial situations, determine and evaluate risk, and employ knowledge management tools and techniques in resolving organizational challenges.

The Certified Manager of Quality/Organizational Excellence evolved from the certified quality manager as a way to broaden the scope of the examination. The Quality Management Division surveyed accredited quality managers and other recognized subject matter experts.

A successful company is one that has the ability to generate superior products in a more efficient manner, constantly strives to meet customer service goals, and has processes to reduce waste and minimize losses. In order to accomplish these, organizations hire professionals who are quality management experts.

These CMQs Certified Manager of Quality have the expertise and training to bring about process improvement initiatives everywhere, from small businesses to multinational corporations, and are able to lead teams to establish and maintain customer relationships, support strategic planning and help develop measurement systems to determine organizational improvement.

Become a qualified expert for your organization. The Certified Manager of Quality/Organizational Excellence CMQ/OE professional is ready to make the right quality-related decisions at any level of the organization.

Objectives

Strategic Axis course on Certified Manager of Quality/Operational Excellence is an excellent course that will help participants prepare for the CMQ/OE credential and also learn the tools of the trade to successfully implement quality procedures for organizational benefits. Comprehensible courseware, expert guidance, and practical, hands-on exercises will help participants aim for a first-time pass of the exam and also face on-the-job challenges with confidence.

Participants will learn:

- Learn and implement the concepts outlined in the Body of Knowledge BOK

- Learn to apply the standards and procedures that will help improve organizational processes for better quality outcomes
- Motivate and lead teams to ensure satisfactory customer/supplier relations, strategic planning, and organizational improvements
- Help team members take the right quality initiatives
- Learn to analyze financial situations, evaluate and pre-empt risks, and successfully bring about change management
- Learn to apply quality management processes in planning and executing projects
- Learn to use various metrics, tools, and techniques to measure quality
