## Training Course: Advanced Financial Modelling

Training Course code: SC235255 From: 4 - 8 May 2025 Venue: Cairo (Egypt) - Holiday Inn & Suites Cairo Maadi, an IHG Hotel Training Course Fees: 3575 € Euro

### Introduction:

Welcome to the Advanced Financial Modeling Training Program! This course is tailored for CFOs seeking to enhance their financial modeling skills for strategic decision-making. As the financial landscape evolves, mastering advanced modeling techniques becomes crucial. This program equips CFOs with the tools to navigate complex financial scenarios, optimize decision processes, and enhance overall financial performance.

### Objectives:

- **Master Advanced Excel Functions:** Develop proficiency in advanced Excel functions for efficient financial modeling.
- **Strategic Financial Planning:** Gain expertise in constructing dynamic financial models aligned with long-term strategic objectives.
- **Risk Analysis and Management:** Learn techniques to incorporate risk analysis into financial models for robust risk management.
- **Valuation Techniques:** Understand and apply advanced valuation methods to assess the financial health and value of a company.
- **Scenario Modeling and Sensitivity Analysis:** Build models capable of handling various scenarios and conduct sensitivity analysis.
- **Financial Reporting Optimization:** Enhance financial reporting skills to create clear and insightful reports for stakeholders.

### Target Audience:

This program is designed for CFOs and senior finance professionals responsible for shaping financial strategy, managing risk, and driving organizational success. Participants should have a solid foundation in financial modeling.
