Training Course: International Financial Reporting Standards IFRS

Training Course code: FI2003 From: 26 May - 6 June 2025 Venue: Kuala Lumpur (Malaysia) - Royale Chulan Kuala Lumpur Training Course Fees: 8400 € Euro

Introduction

In a global and increasingly competitive environment, the need for effective and enforced Corporate Governance and International Financial Reporting Standards IFRS is all too evident.

This program establishes the Case for Corporate Governance and International Financial Reporting Standards by examining such inappropriate practices such as creative accounting, off-balance sheeting financing and examples such as Enron and World Com among others.

The program begins with an exploration of the Framework for the Preparation and Presentation of Financial Statements in accordance with IFRS is then examined via case studies, syndicate/group work and exercises aimed at increasing knowledge, understanding and application of IFRS.

This is followed by an evaluation and interpretation of financial reports prepared in accordance with IFRS.

This program, the preparation, and analysis of financial statements take a detailed review of the content and meaning of the annual report and accounts of medium and large-sized companies. The program uses International Financial Reporting Standards as the basis of the preparation and analysis of the financial reports discussed.

Course Objectives of International Financial Reporting Standards

By the end of this program you will be able to:

- Become aware of the case for Corporate Governance and International Financial Reporting Standards
- Identify the creative accounting methods adopted by companies when preparing their financial statements
- Appreciate the Lessons Learnt from accounting scandals such as the Enron and World Com cases
- Gain an understanding of the Structure of IFRS
- Become aware of the adoption of IFRS, Current Issues/IFRS Convergence Projects and the Problems of Convergence
- Be able to Present Financial Statements in accordance with IFRS
 - balance sheet: statement of financial position
 - income statement: statement of comprehensive income
 - cash flow statement: statement of cash flows
 - statement of changes in equity
 - statement of recognized income or expense "SORIE"
 - notes, including a Summary of the Significant Accounting Policies
- Gain an understanding of the major IFRS
- Be able to evaluate and analyze financial statements and the impact of IFRS

Training Methodology of International Financial Reporting Standards

This program is highly interactive: from the very first session of the first day, you will be involved in case exercises and problem-solving. You will be encouraged to make the link between the training room and your office and organization. Overall, the program will expose you to a range of learning methodologies that include

- Mini lectures that introduce the main concepts
- Case exercises to test understanding
- Case histories to develop understanding and application
- Class discussions during which you will be given the opportunity to share your opinions and experiences with your fellow delegates

In addition to what might be called traditional materials, you will also be provided with a variety of real-life materials and experiences: the training materials contain information drawn from a wide variety of sources from around the world.

You will be given the opportunity to bring along your own materials for inclusion in the discussions to be held throughout the program.

Personal Impact of International Financial Reporting Standards

You will learn a wide variety of techniques for analyzing the content of the financial reports of an organization: you will become immediately proficient at such analyses by attending this program. In addition to class-based analytical techniques, you will be introduced to various aspects of spreadsheet-based analysis together with such techniques as Z Score analysis.
