Training Course: The Training Analyst

Training Course code: HR3001 From: 17 - 21 February 2025 Venue: Rome (Italy) - Training Course Fees: 5250 € Euro

Introduction

The topic of training analysis is a new and interesting area in today's world-class training functions. This new program specifically covers all the main areas of analysis including training measurement and evaluation. Persons attending this program will have a complete set of analysis tools and many worked examples, which can be easily applied in the workplace. These tools are essential to any training function particularly if you are looking for ways to add value or contemplating becoming a profit center.

Features of this seminar include:

- Learning about the new training model for training efficiency
- Using a number of techniques to measure and show training results in the business
- Practice using new techniques to transform any training activity
- Learn from practices in top companies that surpass "Best Practice"
- Gain a holistic view of the entire training function

Course Objectives of Training Analyst

At the end of this program participants will be able to

- Measure the effectiveness of training using the latest evaluation model
- Demonstrate trends and do efficiency analysis
- Set up and effectively measure any element of delivered training & be able to demonstrate training efficiency
- Measure skills, knowledge, behavior, competency, style, self-belief, attitudes, and personality
- Demonstrate how trend changes can benefit the organization
- Be able to measure competency by, department or company-wide, using specific software packages

Training Methodology

Case studies, DVDs, group exercises, worked examples will all be used in a relaxed and enjoyable learning environment. The practical nature of the program will enable engaged participants to prove the evaluation and

added value of attending this program. Delegates will each prepare a presentation on training analysis during the program.

Organizational Impact of Training Analyst

- The real cost of training is very high - in today's business world every organizational activity should be measured and its contribution to the business made obviously - it is unacceptable not to be able to do proper analysis work.
- Organizations using these techniques will get more for their training spend
- It provides an efficiency audit trail
- It can provide a basis for how training is funded; punished or rewarded for its results
- As this is a high ROI course the simple question is - can you afford not to do this?
- The methodologies used during this seminar will provide a good audit trail and aid in showing training contribution to the business

Personal Impact of Training Analyst

- You will find out how to analyze and evaluate - everything
- You will attain a skill that very few people currently possess
- You will be able to use the latest techniques and models that are proven
- You will be able to produce hard data on training effectiveness and individual application
- You will be able to evaluate trainer efficiency
- You will understand and know how to measure personality and its contribution to development and succession planning

Target Audience

- HR personnel
- Training Managers and training personnel
- Training budget holders
- Succession planners and those responsible for people's development.
