Training Course: E-Purchasing

Training Course code: PU234776 From: 27 - 31 January 2025 Venue: London (UK) - Landmark Office Space
- Oxford Street Training Course Fees: 5250 € Euro

Introduction

E-Purchasing is the process that businesses use to sell and procure products and services over the Internet. This technique of using the Internet is becoming more frequent as businesses are uncovering that e-purchasing is facilitating the process, also they are making significant savings in costs.

This E- Purchasing training course develops the procedure to establish an E- Purchasing system within an institution that needs to purchase through the Internet. The crucial step of managing procedures is discussed in some depth. We establish how to provide and measure procurement contributions to the organization so that this essential function and all those in it can be elevated to be seen as a core organization competency.

Training Objectives

After completing this training program, participants will learn:

- The diverse forms of E-Purchasing
- Comprehend the requirements required to develop an E- Purchasing system
- Principles of negotiation and E-purchasing skills
- Understand how to execute an E- Purchasing system
- Understand how to manage and handle an E- Purchasing system.

Target Audience

This training program is intended to:

- Specialists in Procurement, Purchasing, and Supply chain Management Operations and Finance
- All those curious about the development and implementation of an e-purchasing system.

Training Methodology

Participants will improve their knowledge and skillsets via a variety of instructional techniques including lectures by an experienced instructor, individual and group exercises, review of published reports, and group conversations covering recent practices and their association with the implementation of new concepts.
