## Training Course: Licensing and Operational Best Practices for Non-Banking Financial Institutions

Training Course code: SC235613 From: 2 - 6 February 2025 Venue: Sharm El-Sheikh (Egypt) - Sheraton Sharm Hotel  
Training Course Fees: 3850 € Euro

### Introduction:

Non-banking financial institutions NBFIs are critical to the financial ecosystem, enabling innovation, financial inclusion, and economic growth by providing diverse services outside the traditional banking sector. In recent years, NBFIs have seen exponential growth, particularly with the rise of electronic payment solutions and currency exchange services. As more companies enter the electronic payments and exchange markets, understanding the regulatory landscape, licensing processes, and operational standards becomes essential for ensuring compliance, managing risks, and achieving sustainable growth.

This intensive 5-day training program delves into the complexities of licensing and regulatory requirements specific to electronic payment and currency exchange companies. Participants will explore the distinct roles these companies play in financial services, their contribution to advancing financial inclusion, and the regulatory oversight required to maintain market integrity and consumer protection.

With financial technology fintech reshaping how payments and exchanges operate, NBFIs are facing new challenges and opportunities. This course provides the essential knowledge and skills for professionals to navigate regulatory expectations confidently and to implement robust compliance and risk management frameworks. Attendees will engage in interactive discussions, hands-on case studies, and strategic planning exercises to build a comprehensive understanding of the licensing requirements, regulatory compliance, and best practices for operational excellence in NBFIs.

By the end of this program, participants will be well-equipped to lead their organizations through the evolving landscape of electronic payment and exchange services, ensuring alignment with regulatory mandates while capitalizing on industry innovations and emerging opportunities.

### Objectives:

- Understand the landscape of non-banking financial institutions, including their types, roles, and market significance.
- Learn the regulatory frameworks and licensing processes for electronic payment companies and currency exchange businesses.
- Develop skills in risk management, anti-money laundering AML, and compliance as they pertain to NBFIs.
- Explore best practices for financial security, technology integration, and customer protection.
- Stay informed on global trends and technological advancements in NBFIs, particularly in the electronic payment and exchange sectors.

### Target Audience:

- Compliance and Regulatory Officers in financial services
- Managers and executives in electronic payment companies and exchange companies
- Financial analysts and advisors focused on NBFIs
- Licensing and regulatory authorities in the financial sector
- Entrepreneurs and professionals entering the fintech and electronic payments space
